Title 5 Section 54220

Note: The California Community Colleges Chancellor's Office is working on streamlining the reporting requirements for student equity plans along with other programs. One change has been to submit information related to student equity plans to the California Community Colleges Chancellor's Office as part of an "Integrated Plan." However, because Title 5 Regulations addressing student equity plans have not been repealed, districts are still required to maintain student equity plans.

The District has a student equity plan. The plan is filed with the Chancellor's Office for the California Community Colleges, following approval by the Board.

The plan addresses equity issues identified by the Chancellor's Office, and is available on the Taft College website.

The plan is reviewed and updated annually.

The Student Equity Plan shall be developed, maintained, and updated under the supervision of the Vice President of Student Services.
