How can I use this in my class?

- At the beginning of the semester, you can schedule a time to give a live course orientation. In this orientation you can screen share and walk students through the important parts of your canvas course. **For those that cannot attend, a recorded copy of the session will be available.**
- Student/Teacher conferences– If at any point you schedule meetings with students to discuss assignments, grades, or other items, you can meet via Zoom.
- You can hold a quiz review session before the midterm or final.
- You can hold a Q&A room if you notice students are having a particularly hard time with something.
- Much more

With Zoom in Canvas, you can:

- ◆ See all scheduled meeting sessions in each class
- ◆ Recall previous session recordings
- ◆ View meeting attendance
- ◆ Schedule an impromptu meeting
- ◆ Schedule regular meetings
- ◆ Delete meetings
