1. Completion of all the requirements in the IGETC will permit a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division general education courses.
2. The IGETC is not advisable for all transfer students (see below).
3. The IGETC can be completed in its entirety before transferring. Students may obtain a partial IGETC if no more than two courses are missing.
4. All courses must be completed with a "C" or better.
5. Transcripts to verify courses completed at other colleges must be submitted prior to certification and can only be certified in the IGETC category determined by the original college at the time the courses were completed.
6. Courses taken at foreign institutions will not be permitted for IGETC certification.
7. If the foreign language requirement was satisfied in high school, the student's high school transcripts must be submitted prior to certification.
8. Students who initially enroll at a UC campus, leave and attend a community college, then plan to return to the SAME UC campus cannot use IGETC. Consult a counselor for detailed information.

For which programs is IGETC certification acceptable or not recommended for California community college transfers?

Berkeley	**Letters and Science**: Only full UC IGETC certification or the college's requirements (reading and composition, quantitative reasoning and language other than English) are acceptable for all majors. **Engineering**: IGETC is not accepted. **Chemistry**: IGETC is not required. However, when completed by the end of the spring term before transferring to UC Berkeley, full certification is accepted in satisfaction of the English Reading and Composition Requirement. Note: IGETC does not meet the entire breadth requirement. **Business**: IGETC is not accepted. **Natural Resources**: IGETC is acceptable; however, specific freshman/sophomore major requirements must still be satisfied. **Environmental Design**: IGETC is acceptable with full certification to fulfill CED's breadth requirements. Partial certification will not complete the requirements.
Davis	All undergraduate colleges accept IGETC. For selective majors, a priority must be to first complete all required lower-division major preparation and selection criteria. For all other majors, completion of lower-division major preparation is recommended before focusing on IGETC.
Irvine	All schools accept IGETC. However, selection by the campus is based on demonstrated academic achievement and preparation for the intended major.
Los Angeles	All schools accept IGETC; however, IGETC is not recommended for applicants to the School of Engineering and Applied Science.
Merced	**Engineering**: IGETC is strongly discouraged but is accepted; students are encouraged to focus on freshman/sophomore major preparation prior to transfer. **Natural Sciences**: IGETC is not recommended but is accepted; students are encouraged to focus on freshman/sophomore major preparation prior to transfer. **Social Sciences, Humanities and Arts**: IGETC is recommended, and students are encouraged to complete as much freshman/sophomore major preparation as possible before transfer.
Riverside	**Business Administration**: IGETC is highly recommended. **Education; Humanities, Arts and Social Sciences; Public Policy**: IGETC is recommended. **Engineering**: IGETC is acceptable; additional coursework may be required after enrollment. **Natural and Agricultural Sciences**: IGETC is not accepted.
San Diego	**John Muir, Earl Warren, Eleanor Roosevelt, Thurgood Marshall, Sixth and Seventh Colleges:** IGETC clears all lower-division GE requirements; some upper-division courses are required after enrollment. **Revelle College:** IGETC is acceptable; lower-division GEs may not be cleared. Additional coursework may be required after enrollment.
Santa Barbara	**Letters and Science and Creative Studies**: IGETC is acceptable. **Engineering**: Students are encouraged to focus on major preparation rather than GE but may use IGETC to satisfy GE requirements.
Santa Cruz	**Engineering and physical and biological sciences:** IGETC is not recommended. Students should ensure completion of freshman/sophomore courses for their intended major, as indicated in the UCSC catalog and on assist.org.
