- 1. Welcome/ Introductions** – Everyone went around the table and introduced themselves. We have five new additions to the committee. They are Allisa Tweedy, Bill Gillespie, Jessica Grimes, Nick Narup, and Terry Davis. Allisa, who is the STEM/CTE Program Assistant/Technician at Taft College. Bill, who will be sitting in for Chad Jones from now on. Bill works in the HR department mentoring at CRC. Jessica, who is the Interim Dean of Instruction and CTE at Taft College.
- 2. Review of May 23, 2018 meeting minutes; motion required** – Tori motioned the approval of the minutes, Ted 2nd the motion, all approved
- 3. Old Business** – Chad Jones, with CRC, made it possible for the TC STEM summer camp future innovators to take a fieldtrip to Elk Hills Command Center. It was fantastic

Jacob was going to check on the tanks by the Energy Tech building at TC to make sure they were secure. Trent will get with Jacob and see what the outcome was. The OLY project was explained to Terry. He said he needed one of the tanks. Lisa will get him access to them

- 4. Program Update** – Two adjuncts have been hired. Curriculum was accepted and will be in effect the fall of 2019. Twenty students have been declared Energy Technology students. An Energy Tech marketing video will be shot on campus next month on October 16.

Terry asked about adding courses to the program. Tori is going to request that Terry be added to the Applied Tech Division committee meetings

Classroom visits – TUHS had them around March. Seniors, juniors, and Oil Tech classes. Visits scheduled for TUHS, Maricopa, and Buena Vista in the next few weeks. Deb gave kudo's to the faculty for getting the program up and running

- 5. Marketing** – A video is being filmed on October 16 by the Chancellor's office. Jessica will e-mail the group what they are looking for. It will consist of 60-90 second snap shots. We will be looking committee members to participate

Nick asked if we asked the twenty students that were declared Energy Tech students, how they heard about the program. Tori said via e-mail but she will give the adjuncts a paper request to hand out to them also

6. Program Needs -

- 7. New Business** - Trent asked if we could get more information on our new additions to the committee. Jessica's background is 13 years as an English Professor. Her brothers were a firefighter and welder. She is very interested in CTE. Her idea is to get the faculty involved and is looking forward to working with industry

Nick Narup is one of the new adjuncts for the Energy Technology program. He is a graduate of USCSD. He graduated in June of 2017. He works with circuit boards and is a part of the Oil Tech Academy at TUSH. His family is in the oil business

Terry was with Chevron for 32 years in the Environmental cleanup program. He is a proud graduate of Fresno State, Cal State and TC. They are all welcome additions to the advisory committee

Terry and Ted discussed getting Energy Tech with the Oil Tech Academy students. Ted met with Paul Blake about the same thing with engineering students but it never came to fruition. The committee discussed getting TUHS students interested in TC and Energy Tech/Engineering programs
