How to link an assignment.

This easy to access area summarizes all big projects in the course. Students will be able to see this list every time they log in and keep better track of what is coming up (project-wise) and hopefully stay on track. Simply list the projects with due dates and point value, then link the assignments.

This area houses links that will direct students to specific assignments.

To achieve this, you'll want to type out your text that will be linked with the desired assignment. After it is typed out, you'll highlight the text with your cursor, and find the assignment, quiz, announcement, or other from the right hand side. Once you click on it you will be able to tell that the text is hyperlinked.
