# Embedding a Picture in a Discussion:

1. Google the picture you are looking for. When you find the picture you want to use, right click it and select "PROPERTIES"

2. You'll want to find the image "ADDRESS (URL)". Highlight the address and copy it. (Ctrl+C or right click "COPY")

3. In the discussion click on the "EMBED IMAGE" icon

4. Paste the Image address into the "URL" address box provided and select update.
