

Open CCC

California Community Colleges is the system that student's go to when they first decide to attend a Community College. CCC is working on ensuring all community college students have a CCC-ID. **This has nothing to do with your TC account or ID.**

If you get stuck on this page after logging into Canvas:

Chances are, you **DO NOT** recall this account login information. It's ok, just select the **"Forgot?"** tab.

1. Select the **"Forgot?"** tab.
2. Follow all the prompts to retrieve your username information. You will have to provide personally identifiable information for CCC to retrieve your account.
3. Go to your personal email account for the reset email message.
4. Reset your Open CCC login account information. ***Don't forget to write your login info down for the Open CCC site.**
5. When done with the reset process, log into the Open CCC site.
6. Once logged in, open a fresh tab, and try logging into Canvas one more time.
7. If you see the Open CCC login page after logging in the 2nd time, log into the Open CCC account and **repeat step 6.**

You're on your way to Canvas from Taft College

To continue, please sign in or create a new account with OpenCCC, the California Community Colleges systemwide student account.

If you get stuck on this page after setting up your account information,

- Close out of the tab that you are in,
- Open a fresh tab and try to login to Canvas again.

TIP: Make sure you are using Google Chrome if possible.

What if I need help with this?
