

Technical Internship Program

SJVBU

human energy

The BU is once again embarking upon a local recruiting effort to build a local pipeline for engineers, geologists, IT, and technical assistants. We are expanding the 2020 summer intern program to include internships in these functional areas to springboard our goal. These internships will not be posted externally, **only** internally to SJV employees, and through CSUB, Bakersfield and Taft colleges. If you know of a family member or friend who may be interested in applying and meets the candidate requirements below, please forward the link to the appropriate posting. A more detailed job description is available through the online posting. Please note there are a limited number of internship spots open for these candidates.

Intern Candidate Requirements:

- Home town within Kern County, Fresno County or Monterey County
- Cumulative GPA 3.0 or higher* for engineering and geology internships
- Cumulative GPA 3.0 or higher* for technical assistant or IT internships
- Pursuing degree in Engineering (Mechanical, Petroleum, Engineering Science, Chemical), Geology, Computer Science, Math, Statistics, Engineering Technology or Information Management Systems
- Engineering: Graduation date of 2022 or later
- Geology: Completion of Senior year of college with plans to pursue a Master of Science degree or completion of first year of Master's program
- Information Technology: Graduation date of 2021 or later

Technical Assistant: Graduation date of 2021 or 2022

**cumulative GPA*

Postings with further information and details are now open and will close on **November 30, 2019**. If you have any questions, please feel free to reach out to [Sam Chow](#) or [Lucinda Macias](#).
