Various forms of Feedback
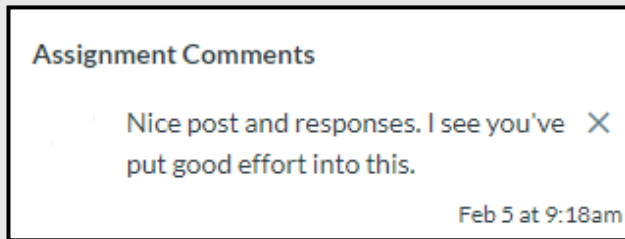

How can I give a student feedback on their assignment?

When you are leaving comments in each individual assignment or by the Speed Grader you can leave your feedback in various formats.
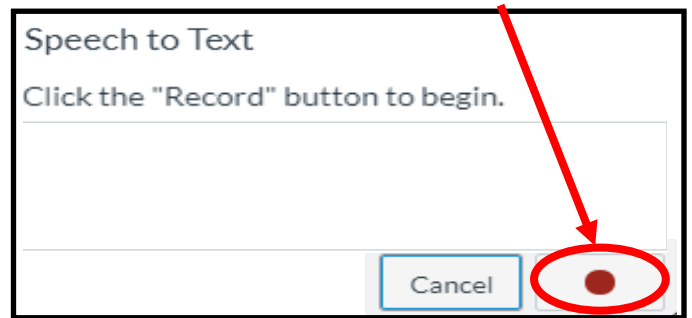

Comments

You can always leave text comments for your student to read. This is the way most professors respond back to their students but it is not the only way!
Assignment Comments

Nice post and responses. I see you've ✕ put good effort into this.

Choose File   2020_03_09_11_01_21.pdf

Submit

Video

To record/upload media click on the **Play** button. There will be a pop-up with two tabs– Record Media and Upload Media. If you just need **to Upload Media** you will have the option to Select Audio File or Select Video File. You are going to select the desired file, and lastly in a few seconds, your media file will be loaded into Assignment Comments!
