

Set a Class to Display on Your Dashboard

If you do not see a course on your dashboard that should be there, here's how to get it back on the dashboard.

Helpful Tips:

- Past courses cannot be set on the dashboard.
- Open courses are the **only ones** you can pin to your dashboard.

Steps:

1. Click on the “**Courses**” tab, found on the far left hand side of the page.
2. Select “**All Courses**”
3. Locate the open course you'd like to add to your dashboard.
4. Click the **star** next to the course title.
5. Go to your dashboard to make sure the change saved. If it did not, please follow the steps one more time.

If you need more help:

You can **call the DE Office** if you cannot find a class that you should have access to.
