Questions

This will require students to type in a response. You will be able to add word count, word limit, and spell-check.

1. **Question Titles** do not display to students. They are to help you find your question quickly through the Navigation or Banks.
2. Use the **Question/Prompt** for the question and any instructions or information.
3. Click on the **Options** you would like to add for this essay.
4. You can also allow a on screen **Calculator**, Align to **Outcomes**, add this question to your **Bank**, and set the question **Points**.
5. Click on the text bubbles to add **Feedback** for Correct Answers, Incorrect Answers, or General Feedback.

A screenshot of a software interface for creating an essay question. At the top, there is a tab labeled '6 Essay' and a text input field for 'Question Title'. Below this is a larger text area for 'Enter Question/Prompt...'. A section titled 'Options' contains several checkboxes: 'Show on-screen calculator' (unchecked), 'Rich Content Editor' (checked), 'Spell-check' (unchecked), 'Show Word Count' (unchecked), and 'Set Word Limit' (unchecked). Below the options are three expandable sections: 'Grading Notes', 'Align to Outcomes (0)', and 'Item Banking'. At the bottom, there is a 'Points' field with a value of '1', a 'Cancel' button, and a 'Done' button. A blue speech bubble icon is located below the screenshot.
