

New Quizzes-Building Your Questions

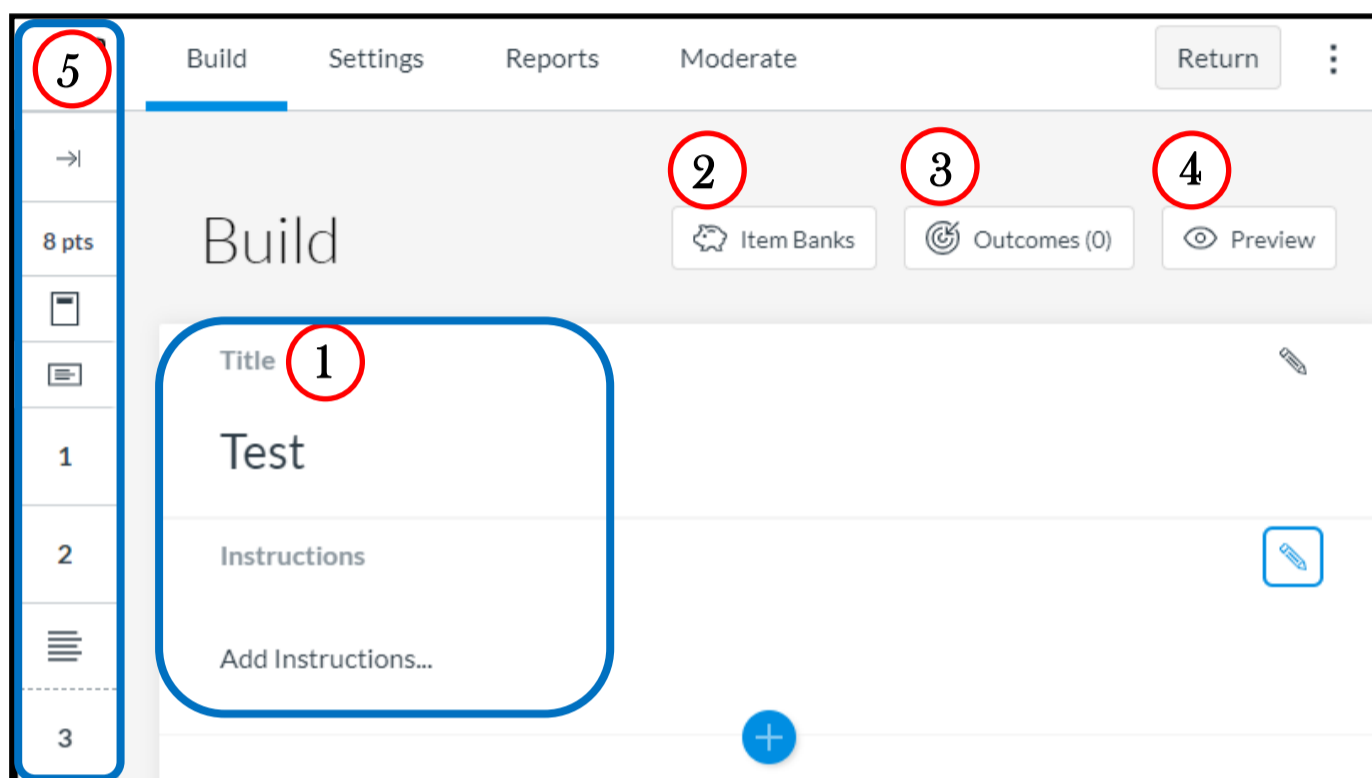

New Features like Hot Spot!

[Back to Fac. Toolbox](#)

General Features

1. You can change the [Title](#) and [Add Instructions](#) at anytime.
2. Then if you want to bring in any questions from your banks click on [Item Banks](#).
3. You can also align the Quiz to [Outcomes](#).
4. [Preview](#) your quiz to see how it would look for students.
5. [Expand the Navigation](#) to quickly view all of your questions and move the order. If you choose to shuffle your questions the order here will not matter.

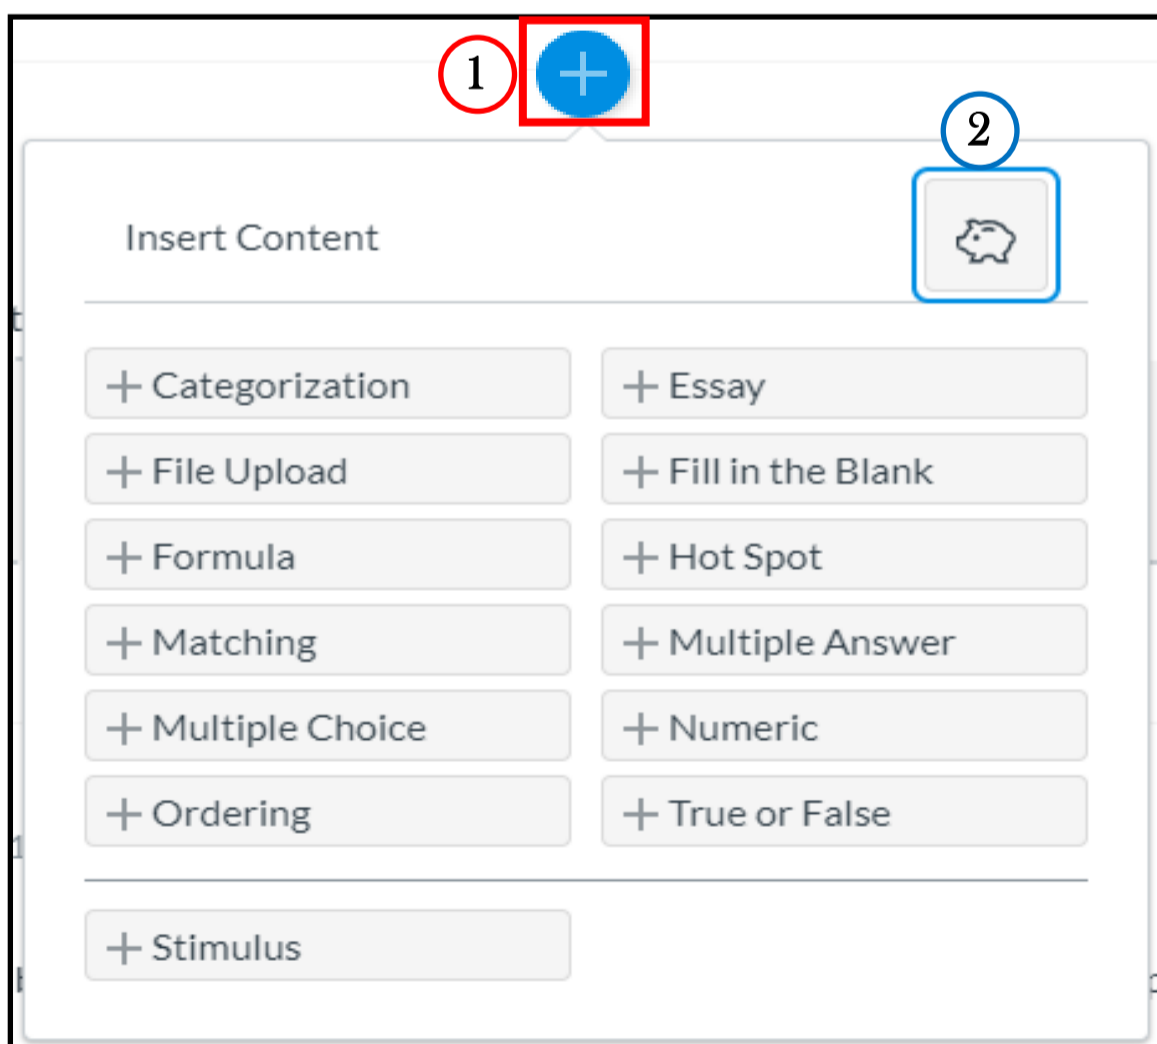

Questions

1. To add a question click on the [Plus Sign](#).
2. You can then select from your [Bank](#), or select a type of question you would like to ask.

There are new options in almost every question type!

Click on the type you would like to know more about.
