

Zoom– How to Check for Zoom Account Type

[Back to
Fac. Toolbox](#)

The screenshot shows the Zoom user profile page for Nicole Avina. The left sidebar contains navigation options: Profile (highlighted), Meetings, Webinars, Recordings, Settings, Account Profile, and Reports. Below these are links for Attend Live Training, Video Tutorials, and Knowledge Base. The main content area displays the user's profile information, including a profile picture, name, department (Taft College), company (Taft College), and account number (135089). It also shows the Personal Meeting ID, Personal Link, Sign-In Email, and User Type (Licensed). At the bottom, the Capacity is listed as Meeting 300.

You can check to see which type of Zoom account you have here:

1. Login to [ConferZoom](#)
2. Click on “**Profile**”
3. Look under “**Capacity**”

If it says 40, your account is still a basic one. If it says 300, you are already upgraded to Pro.

If you need to be upgraded to PRO, please contact Distance Education at (661) 763– 7894.
