If you plan to be successful using the Canvas App please consider the expectations and suggestions:

Canvas App is best used for:

- To view for preparation of coming assignments
- To view assignment feedback and grades
- To view the course announcements
- To communicate with your instructor
- To view your student calendar
- To view the course media or content

App users could experienced issues when:

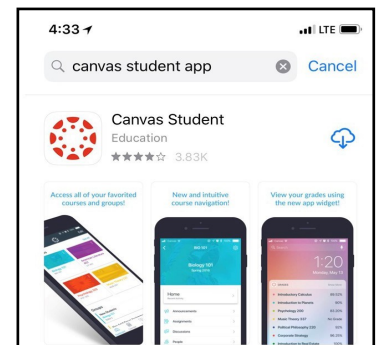

- Posting to discussion
- Submitting to any type of assessment (Quiz)
- Submitting or uploading to assignments or discussion
- Downloading resource files from the course

Please consider your main interaction with Canvas to be on a durable device using Google Chrome.

Download the Canvas App:

1. Locate your App Store
2. Search Canvas for Students
3. Download and Install
