

2020-2021 Request for Student Employment Form (RSE)

We have converted the RSE form to be completely digital. It is a fillable PDF with e-sign capabilities; you will need to create a free e-signature if you have not yet done so through the Adobe program.

Step 1: Open the document using the Adobe program.

Step 2: Complete your section and/or sign on the corresponding signature line. **If you have problems with signing, please contact the Work Study Coordinator (Carla).**

Step 3: Save the document and email me the RSE as an attachment. If another department is providing the funding for your student, please indicate whom in the email, I will coordinate getting all the required signatures.
