Cooperative Work  
Experience Education

A#: \_\_\_\_\_

As a student enrolled in CWEE, you are required to identify 3 learning objectives. They should be specific, measurable, and within your ability to accomplish during the semester. When developing these objectives, reflect on the areas of your employment that could use some improvement or new tasks or skills you would like to develop on the job this semester.

Midterm and at the conclusion of the course, you and your supervisor will discuss the progress made on the objectives rate your progress using an evaluation form. From this rating and other required coursework, the CWEE Coordinator/Instructor will determine the academic credit and grade to be awarded.
